# ALVITO A. PRASETYO

Tangerang City, Banten 15113 | 085156374617 | mail.alvitoprasetyo@gmail.com | www.linkedin.com/in/alvitoprasetyo/

## Professional Summary

Analytical and detail-oriented Analyst with a background in Information Systems and experience across Data Analytics and Research & Development. Proven expertise in Advanced Excel and Python for integrating multi-source commercial data, detecting data anomalies, evaluating revenue metrics, and optimizing operational workflows. Skilled in challenging business assumptions through structured data analysis to evaluate process risks, uncover cost leakages, and drive operational efficiency.

## Working Experience

**PT Gumindo Bogamanis**
*Data Analyst, August 2026 – present*

- Integrated multi-source commercial datasets to analyze sales performance across product categories, distribution channels, and operational areas
- Leveraged Advanced Excel and Python to process complex data models, evaluate revenue metrics, detect data anomalies, and identify operational inefficiencie
- Automated data pipelines and reporting models to support strategic decision-making and performance tracking for management.

**PT Propan Raya ICC**
*Research and Development Staff, May 2022 – July 2026*

- Focused on product development and evaluation, as well as optimizing product production workflows based on quantitative research insights.
- Conducted risk and quality assessments on new product formulations to evaluate process risks, test underlying assumptions, and prevent operational bottlenecks and cost leakages before mass implementation
- Collaborated closely with Production, Quality Control, and Plant Operations to identify operational bottlenecks, evaluate product performance, and ensure strict compliance

## Relevant Experience

**Garuda Hacks 6.0 Competition**
*Mentor of Product Manager, July 2025*

- Guided hackathon participants in analyzing business concepts, providing constructive feedback, and refining their product pitches.
- Successfully mentored Team NataNetra to achieve Runner-Up in the Garuda Hacks 6.0 finals, demonstrating effective product development and presentation skills.

**Yayasan Sagasitas Indonesia**
*Master Trainer Cloud Computing AWS Technology, December 2020 – November 2021*

- Educated 10k+ high school students in various cities across Indonesia on Cloud Computing and AWS Cloud Practitioner concepts, providing mentorship during Focus Group Discussions (FGDs) and offering guidance throughout educational activities.
- As part of the Yayasan Sagasitas Indonesia team, managed event operations from preparation to evaluation, ensuring smooth execution and impactful outcomes. Served as a graphic designer, creating posters, booklets, and educational materials to support the events and enhance the learning experience.

**Student Council of SMK Negeri 2 Depok Sleman**
*Chairman, November 2019 – March 2021*

- Led a team of OSIS members and the sub-sections in the planning and execution of school programs.
- Developed strong communication, negotiation, problem-solving, and decision-making skills through active involvement in managing dynamic situations and interacting with various stakeholders.

## Formal Education

**Pelita Harapan University**, Bachelor of Information System
2023 – 2027

- GPA: 3.86 (TBA)

## Informal Education

**Digital Skola**, Online Bootcamp – Business Intelligence
July 2025 – September 2025

- GPA: Excellent

**Gadjah Mada University**, Non Degree – Business and Marketing
2022 – 2023

- GPA: 3.86 / 4.00

## Training & Certificate

**Deloitte Australia Data Analytics Project Simulation**, Deloitte Australia in Forage
October 2026

**British Airways Data Science Project Simulation**, British Airways in Forage
October 2026

**IBM SkillsBuild Data Science Landscape**, IBM SkillsBuild
October 2026

**IBM SkillsBuild Introduction to Tableau Desktop**, IBM SkillsBuild
October 2026

**edX DelftX BMI.1x: The Value of Business Models**, Delft University of Technology
February 2025

**edX Verified Certificate for Databases: Relational Databases and SQL**, Standford Online
April 2024

**Master Trainer of Cloud Computing for AWS Educate Indonesia**, Yayasan Sagasitas Indonesia
December 2021

## Skills

**Hard Skill:** Advanced Microsoft Excel, Python, Power BI, Machine Learning, Prediction Model
**Soft Skill:** Critical Thinking, Communication, Strategic Planning, Public Speaking, Communication, Time & Risk Management.
